<sup>#</sup> Copayments marked with a (#) do not accrue to calendar-year copayment maximum. Copayments and charges for services not accruing to the member's calendar-year copayment maximum continue to be the member's responsibility after the calendar-year copayment maximum is reached. Please refer to the *Evidence of Coverage*, the *Disclosure Form* and the *Group Health Service Contract* for exact terms and conditions of coverage.

- 1 To use this option, members must select a personal physician who is affiliated with a medical group or IPA that is an Access+ provider group, which offers the Access+ *Specialist* feature. Members should then select a specialist within that medical group or IPA. Access+ *Specialist* visits for mental health or substance abuse services must be provided by a MHSA network participating provider. Access+ *Specialist* visits for mental health services for non-severe mental illness, or non-serious emotional disturbances of a child or substance abuse will accrue toward the 20 visit per calendar-year maximum.
- 2 Skilled nursing services are limited to 100 preauthorized days during a calendar year except when received through a hospice program provided by a participating hospice agency. This preauthorized 100-day maximum on skilled nursing services is a combined maximum between SNF in a hospital unit and skilled nursing facilities.
- 3 Mental health and chemical dependency services, other than medical acute detoxification, are accessed through the mental health services administrator (MHSA) – U.S. Behavioral Health Plan, California (USBHPC) – using MHSA participating providers. Services for medical acute detoxification are accessed through Blue Shield using Blue Shield HMO providers. For a listing of severe mental illnesses, including serious emotional disturbances of a child, and other benefit details, please refer to the *Evidence of Coverage* or plan contract.
- 4 Copayment waived when procedure is performed in conjunction with delivery or abdominal surgery.
- 5 Physician services copayment in the office or outpatient hospital facility only. If procedure is performed in a hospital facility setting, additional hospital services copayment may apply.
- 6 **Optional inpatient substance abuse treatment benefits are available. If your employer purchased these benefits, a description of the benefit is attached hereto as "Additional Substance Abuse Treatment Benefits."**

*Benefits are subject to modification for subsequently enacted state or federal legislation.*
