## Important PPO Information

NOTE: This Policy has certain benefit maximums, some are Calendar Year maximums and some are benefit maximums while insured. Please review this information carefully so you will understand your benefits under this plan.

Preauthorization is required prior to obtaining certain benefits. Failure to Preauthorize services will result in a reduction in the benefits payable for Covered Expenses under the Policy. The Company will conduct a retroactive review to determine the Medical Necessity of the service, and services deemed not Medically Necessary will not be eligible for benefits under the Policy. Additional out-of-pocket expenses incurred by you for not Preauthorizing services will not apply toward your Calendar Year Deductible or Coinsurance Maximum. To avoid any penalty, please refer to "Preauthorization Requirements in your *Certificate*."

**Effect on Benefits.** Preauthorization is required prior to obtaining certain services. Failure to obtain Preauthorization may result in additional expense by the Covered Person under the Policy as shown on this *Schedule of Benefits*. No benefits are payable unless the Company determines that Covered Services are Medically Necessary. The Policy has certain coverage maximums, some are Calendar Year maximums and some are benefit maximums while insured. Please review your Schedule of Benefits carefully to determine coverage.

**Participating and Non-Participating Providers.** The Policy provides benefits for Covered Services obtained from both Participating Providers and Non-Participating Providers. Participating Providers are those Providers who have agreed to participate in the Company's Preferred Provider Organization and provide health care at negotiated fees. Non-Participating Providers have not agreed to negotiated fees or arrangements.

**Emergency Services.** When a Covered Person receives Emergency services from a Non-Participating Provider, the Emergency services will be paid as if rendered by a Participating Provider. Once the Covered Person can be safely transferred to a Participating Provider, the Covered Person must be transferred in order to continue receiving the Participating Provider level of benefits. If the Covered Person chooses not to transfer to a Participating Provider, all additional Covered Expenses incurred will be paid at the Non-Participating Provider level.

**Use of Hospital Based Providers.** The Policy provides benefits for Covered Services obtained from both Participating Providers and Non-Participating Providers. Certain hospital based providers including Emergency Room, Radiology, Anesthesiology and Pathology providers, may not contract to provide Participating Provider services under the Policy. To reduce your costs, Covered Services obtained from Non-Participating hospital based providers at a Participating Hospital, may be considered as a Participating Provider benefit up to the Usual and Customary Charge (or Limited Fee Schedule if applicable) under the Policy. Under these circumstances, the Non-Participating Provider may bill the Covered Person for charges over Covered Expenses paid by the Policy. The Covered Person is responsible for any charges that exceed the Covered Expense under the Policy.

**Using a Participating Provider May Lower Costs.** Covered Services from a Non-Participating Provider may cost the Covered Person more than Covered Services from a Participating Provider. Covered Expenses for a Non-Participating Provider's services may be substantially lower than the actual charges. The Covered Person's responsibility includes the portion of Covered Expense not payable under the Policy, plus all of the Non-Participating Provider's charges that exceed the Covered Expense.

**To minimize out-of-pocket costs, the Covered Person should consider the effect on benefits by selection of Provider type. The following chart depicts the effect on benefits under a typical PPO plan. To determine Covered Services under your Policy, consult your *Certificate* and *Schedule of Benefits*.**

<b>Effect on Benefits by Choice of Provider</b>		
	<b>Participating Provider Services</b>	<b>Non-Participating Provider Services</b>
<b>Coinsurance Benefit</b> Percentage of Covered Expenses payable by the plan under the Policy	Higher	Lower
<b>Coinsurance Maximum</b> Your out-of-pocket costs, less any applicable Deductibles or Copayments	Lower	Higher
<b>Negotiated Fees for Covered Services</b> Hospitals Physicians	Yes Yes	No No

<b>Balance Billing by Provider for Services Not Covered Under the Plan</b> Hospitals Physicians	Yes Yes Covered Person is responsible for 100% of charges that are not Covered Services under the plan	Yes Yes Covered Person is responsible for 100% of charges that are not Covered Services under the plan
<b>Balance Billing by Non-Participating Hospital-based Providers, when Providing Covered Services at a Participating Hospital</b> Non-Participating Hospital-based Providers – include emergency room, radiology, anesthesiology, pathology	Does not apply	Yes Covered Person responsible for 100% of charges that exceed the Covered Expense

**Change in Participation.** If while a Covered Person is confined in a Facility which is a Participating Provider, that Facility ceases to remain a Participating Provider, coverage will be provided throughout the period of confinement at the negotiated rate for that Facility before it ceases to be a Participating Provider.

If a Covered Person obtains authorization for services to be rendered by a Participating Provider, and the Participating Provider subsequently ceases to be a Participating Provider, coverage will be provided for the Preauthorized services at the negotiated rate for that Provider before the Provider ceased to be a Participating Provider.
